

# GROUP { Capacity Building & Local Leadership Development-Centering Grant Writing & Securing Funding for sustainable community development } Project Ideas May 13, 2023

-What issue area most resonates for you and for your community work? What is a possible collective action for the group to work on?

-What are ideas for how you can learn more about the issue, deepen your leadership, and engage/learn from your community in this issue area?

Environmental issues that affect communities socially and their health. The beautifying and creating good health for these environments.

Hosting a fair for sustainably-minded businesses to showcase work to communities

Organizing neighbors to compost collectively and educating on environmental justice

Community clean up or safety workshops

Food Fair / screening sources for health -diabetes, cancer, heart

Kyle and I are having a health fair in June. Would like to duplicate around the city or take results from surveys and provide ongoing workshops/support. - Jamie

Neighborhood fun day-resource, health screening, activity, networking, connecting for shared purposes, creating next steps

Monthly Healthy Fun Day in the Park each month a themed focus but have at least 3 moving parts each month for kids/parents, environmental awareness speakers, neighborhood cleanup!

# Training for Trainers 2023 Group Project GROUP { } : Interview Reflections June 10, 2023

-What are key questions to ask to hear community perspectives on your issue area?

-What are the implications for your project idea and how does this shift/clarify your plan?

# Training for Trainers 2023 Group Project GROUP { } : Project Outline Ideas July 8, 2023

-What is a clear outline for a project that can support your community in your issue area?

-What is the outline of an agenda to further engage community in this area?

-Are there other groups, organizations, etc. doing similar work? Could you partner with them?
