

Training for Trainers 2023 Group Project GROUP { Housing } : Project Ideas May 13, 2023

illegal eviction practices. my apt gave me a 24-hr notice to vacate despite the law being around 30 days. I got access to resources to know but I'm concerned for others

-What issue area most resonates for you and for your community work?

Cohesive housing plans that promote community and safety

Temp housing/shelters shortage

Sylvester Turner's push against folks feeding houseless folk at the central library despite it being after the library is closed. Food Not Bombs has gotten \$40,000 in fines I believe

Affordable housing resources. To be resource advocate to the community

For me it's how so many people can't afford housing. They're forced to work multiple jobs just to cover rent and do not have time for family.

Promoting access to resources for young people (activities, pools, parks, etc.)

Finding affordable housing and how to avoid eviction

What is a possible collective action for the group to work on?

if we did a dinner to converse, my concern is the location and transportation for folks who are the most affected to get there, or to even find out about the event at all

Researching resources and creating a comprehensive guide. Finding if education on rights and responsibilities will make a different in evictions.

Coordinate a date to visit city council to discuss the actions of HHA and urban planning

perhaps publicizing to the common people that the November mayoral election is pertinent to affordable housing policy for Houston and then linking resources for voting

-What are ideas for how you can learn more about the issue, deepen your leadership, and engage/learn from your community in this issue area?

learn more by accessing the links that we received in T4T Session 2, also we can contact the guest speakers with questions too

also can learn more by getting a 1-on-1 coaching session from T4T facilitators

Training for Trainers 2023 Group Project GROUP { } : Interview Reflections June 10, 2023

-What are key questions to ask to hear community perspectives on your issue area?

-What are the implications for your project idea and how does this shift/clarify your plan?

Training for Trainers 2023 Group Project GROUP { } : Project Outline Ideas July 8, 2023

-What is a clear outline for a project that can support your community in your issue area?

-What is the outline of an agenda to further engage community in this area?

-Are there other groups, organizations, etc. doing similar work? Could you partner with them?

Training for Trainers 2023 Group Project

GROUP { } : Project Progress August 12, 2023

-How has your project progressed to this point?

-What are your learnings to this point?

-What can you present to T4T colleagues about what you've learned, what you've done, and next steps?

-What needs to occur to feel complete by September session?
